08 ABOUT SEVILLA FC

09 ABOUT THE CITY

NEVER SURRENDER

At Sevilla FC, we believe that, both in the world of sport and beyond, you have **to pursue what you truly want**. And we know that only by aiming high will we have a chance to achieve it. For this reason, we strive to make it easier for people to aim for the highest goals, serving as an example that inspires them to reach their objectives.

Talent opens doors, but it is mindset that determines whether you walk through them. **It is not enough to have ability—you must have the determination to go further than anyone else, to refuse to settle for the easy path, and to understand that every effort is a step toward something greater.**

At Sevilla FC, we don't just develop footballers. **We develop individuals** capable of facing any challenge with ambition, discipline, and character. **Because true success is not given**—it is built day by day, both on and off the pitch.

PROFESSIONAL ENVIRONMENT

PERFORMANCE CAMP FORMAT

The new **Performance Camp format** is a training initiative belonging to Sevilla FC, focused on the comprehensive development of young footballers. It is designed as a tool to strengthen players' physical, technical, tactical, cognitive, and emotional skills, providing a learning environment that promotes both sporting and personal excellence.

The program is aimed at boys and girls who wish **to improve their technique and understanding of the game under the Sevilla FC methodology**, a club internationally recognized for its youth academy and training model. The academy is based on an early and structured approach that contributes to the overall development of each player, fostering values such as commitment, discipline, respect, and teamwork.

More than just sports training, the Sevilla FC Technical Development Academy is a space where young footballers can **learn, grow, and enjoy football in a high-quality environment, with qualified coaches and under the club's philosophy**. Our goal is to educate in values, develop footballers, and above all, shape people.

The **Academy is based at the highest-level facilities within the "José Ramón Cisneros Palacios" Sports and Business Campus**, meeting all requirements to provide an ideal sporting and psychomotor development environment for these age groups. It features state-of-the-art FieldTurf artificial pitches, 3x3 pitches, classrooms, changing rooms, a cafeteria, parking facilities, and more. It is also easily accessible via the Metro line (Pablo de Olavide station), just 2 minutes away.

THE SUMMER YOUR CHILD WILL NEVER FORGET STARTS HERE
